

Present. Annotate. Collaborate.

Giant tablet for presentations, whiteboarding and videoconferencing

Say hello to Mondopad. With an InFocus Mondopad in your conference room or classroom, everything you need to visually present, capture and share ideas is at your fingertips – all beautifully integrated into a single device.

- Multi-touch high definition 55-inch display
- High performance Intel i5 PC running Windows 7 Pro
- Full version of Microsoft Office
- Digital whiteboard
- High definition camera, integrated microphones and voice-optimized sound bar for crystal clear video conferencing

Upgrade your conference rooms with an immersive collaboration experience that's the smart alternative to conventional meetings and expensive travel.
